A Message from Mrs Kee

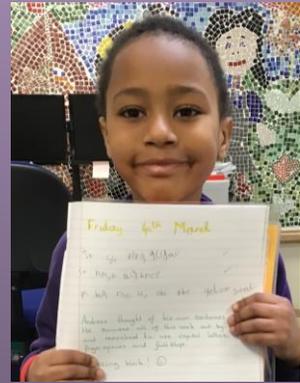

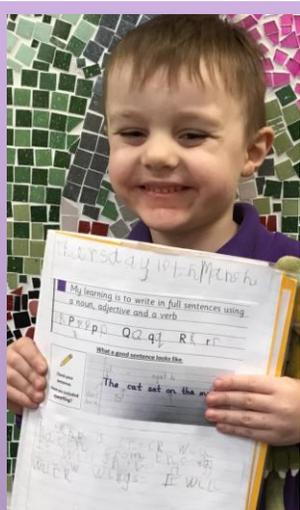

We have kicked started the new half term with lots of parent events, which has been so refreshing given the Covid restrictions that prevented us from doing this previously. We have had lots of positive feedback from parents about the library, the bedtime stories on the website and parent forest school sessions – thank you for sharing, it is much appreciated.

Our assembly on Monday was focused on Food Waste Action Week. The children discovered some key facts about the impact of food waste on their world. I challenged them to prevent food waste by always trying to eat what is on their plate so that it doesn't end up in the bin. Lots of children have impressed me with clean plates this week – well done!

Instead of our usual Merit Assembly this Friday, we celebrated rhyme and poetry with class performances of the rhyme or poem they had chosen to perform. Reception children stood up in front of their year group and performed their nursery rhymes wonderfully. The KS1, pupils stood up in front of all the other Y1 and Y2 pupils and delivered really confident performances. If your child hasn't performed their rhyme or poem to you at home yet, please encourage them to do so – we were all so proud of them.

Year 1 are learning about animals in their science lessons and, this week, we have been lucky enough to witness chicks hatching at school. They loved watching the eggs wobble, listening to little 'cheeps' just before the hatching commenced. We now have lovely, fluffy chicks!

Dragonflies won the reading competition for the 5th week in a row! Teachers count the number of reading diary entries for their class added on Marvellous Me and the class with the highest number of children get a new book for their class story book box. Help your child's class win next week by remembering to add their reading diary entry. Happy reading! *Mrs Kee*

Food Waste Action Week

Every day the equivalent of 20 million slices of bread are thrown away in UK homes. This could have fed breakfast to 10 million people.

A year's worth of wasted bread slices, laid end to end, could circle the Earth from pole-to-pole 28 times!

Wasting food costs the average family **£700** a year, and has serious environmental implications, too. If we all stopped wasting food that could have been eaten, the benefit to the planet would be the equivalent of taking one in four cars off the road! Visit lovefoodhatewaste.com for more information.

In school this week, for Food Action Waste Week, I challenged the children to try to eat what is on their plate to prevent food being thrown away and wasted. They certainly rose to the challenge!

Clean plates all round!

Look at all those clean plates - Well done!

Comic Relief (Red nose day)

RED NOSE DAY IS BACK! Red Nose Day is coming on **Friday 18 March**. By fundraising we can help people live free from poverty, violence and discrimination. This includes funding organisations that are supporting people right now in Ukraine. You can make a difference. Children can come to school wearing red or their own clothes on this date and if they do, parents are asked to donate £1.00 for Comic Relief by Parent Pay.

World Down Syndrome Day

Violet Way is a fully inclusive school. We are one big family and we respect each other, celebrating our differences. On **Monday 21 March**, we are asking children to wear odd socks for World Down Syndrome Day. This day is important for us as a school because it aligns with our school value 'We celebrate individuality'. You may remember children wore odd socks for Anti-Bullying week to promote individuality, acceptance, tolerance and kindness and we feel that this is also appropriate for World Down Syndrome Day. We will take the opportunity to celebrate inclusion and we would love everybody to join in. To help celebrate we are asking pupils to wear odd socks – the bolder the better! We will encourage children to remember and reflect on anti-bullying week when they also wore odd socks.

Air Pollution and Parking

For Monday's assembly, we have a visitor coming to school to deliver an 'Air Aware' assembly. He will be talking to the children about air pollution: what it is, where it comes from and how it affects us.

In previous newsletters we have requested that parents be aware of the impact of sitting in idling cars. Engine idling wastes fuel and therefore money. Engine idling gives hazardous pollutions that may cause sickness and other diseases. Please ensure that you switch engines off to prevent air pollution. Parents should also be aware that there is due to be a parking trial taking place in the area soon. It may involve unmarked camera vehicles enforcing zig zag and double yellow lines. Remember to park safely and in line with the road rules.
